

## CAPABILITIES STATEMENT

Since 1984, National Strand has been pioneering excellence and delivering best-in-class American-made and owned stranded wire with Unquestionable Trust, Unwavering Commitment, & Superior Service throughout the world, serving an array of infrastructure markets.

Today, National Strand continues to be the US-owned and operated pioneer in superior stranded wire products for numerous applications and industries, including electric utility, telecom/CATV, tower, traffic signals, metal building, DOT/safety, arbor/trellis, security, military, and custom applications. Whether our strand is used to support a skyscraping cell phone tower, reinforce our power or telecom grid, or keep cars, trucks, and property safe, only the best quality strand deserves your trust.

  - ASTM/CSA/MIL and custom specifications

**NAICS:** 332618 | **CAGE:** 0RZV4 | **SIC:** 3496 | **DUNS:** 122076441

### A WBENC-CERTIFIED BUSINESS

National Strand is proud to have received national certification as a Women's Business Enterprise by the Women's Business Development Center in Chicago (WBDC-Chicago), a regional certifying partner of the Women's Business Enterprise National Council (WBENC). National Strand was awarded certification based on the ownership, control, and operation of our parent company, The Heico Companies, through Emily Heisley Stoeckel.

### PROUDLY USA-MADE & OWNED

National Strand proudly manufactures USA-Made & Melt steel strand, and our messenger and guy wire meets the guidelines set forth by the Build America Buy America guidelines as established by the National Telecommunications and Information Administration (NTIA).

When you choose National Strand, you are choosing to use high-quality USA-Made and owned stranded wire products that are meticulously manufactured to meet your requirements and strict project standards.

### WHERE TRUST MEETS EXCELLENCE

We are backed by the global strength of The Heico Companies, a privately-owned American holding company known for its buy-and-hold strategy.

With support from our top-tier affiliated metal processing companies and the financial backing of our American-owned parent company, we offer customers the chance to drive domestic economic growth.
